STATINTL

3. Original and two copies of invoice no. 2121-2746 dated Nov. 5, 1964, in the amount of [redacted]

4. Three copies of the third monthly progress report in accordance with paragraph 8.3 of the Work Statement.

STATINTL

5. The original and two copies of Amendment No. 1 have been signed and are enclosed in accordance with your request. [redacted] who has signed this Amendment is duly authorized to do so as [redacted]. There are just two points in the Amendment which require clarification as outlined below:

STATINTL

a. Under Part II, "Delivery" we have signed on the assumption that the paragraph added means that the program outputs will be in accordance with paragraph 8 of the Work Statement (TMP-41026 dated July 21, 1964). It is our understanding that five months after start of contract is January 10, 1965, and seven months after start of contract is March 10, 1965. If this is not a correct interpretation, please let me know.

b. With respect to Amendment No. 1, on page 2, item 4 refers to a change in Part VII, "Special Security Restrictions". This is a minor matter but I believe the reference should be to Part VI of the original contract.

Very truly yours,
